Saturday Meeting at the Pool

Do you have an idea or maybe a concern you would like to bring to the attention of the Board of Directors? A Member of the Board along with Members of the Community meet prior to the scheduled Board meeting to listen and gather ideas for the Agenda. The meeting is held at the Community Pool, two Saturdays prior to the Wednesday Board meeting at 9:00 a.m. For more information, a notice is posted near the pool as well as on the Association's website at mariposahoa.org. Please join us to discuss the needs of the community.

Slope Update

Management received requests for replanting of groundcover and replacement trees on the slope along the 3600 block. The Board has received expert advise regarding the replanting of the slope and would like to share this information with concerned homeowners. The root system of the eucalyptus trees will require a

minimum of 9 months after the last tree is removed for its root system to die off. We rushed replanting twice before, on the Mission Gorge bank and the Mission Vista Belaire slope. Most of the plantings have died and those that did survive weren't healthy until about a year after the eucalyptus was gone. Patients will have to be the rule here but new trees are planned for the slope.

Vandalism

One of the electric breakers was turned off and as a result, one of the irrigation controllers was not functioning as well as several Association lights. If anyone sees suspicious behavior please contact your local police department and notify Management. Thank you!
